

3. ④ Eyelash Perm (Model) Code no.9-8(3)

Items: Models, materials for perms, and photography equipment (some of your face also comes out when shooting a video, but most of them take a close-up shot of the model's eyes.)

1. Video filming editing (5 minutes)

*** The video showing the player's face for 1 minute > about 25% o'clock, 1 minute > about 50% o'clock,**

1 minute > about 75% o'clock, 1 minute > 100% o'clock is edited within 5 minutes.

2. Pictures (6 pictures)

Refer to the tournament website form (A4)

Compliance: Photo Source - File jpg

Resolution 200dpi

(Smartphone camera over 8 megapixels)

1. Before we start, briefly introduce the model ((ex) a woman in her 40s, a very active woman, her eyelashes bent at will, and a C-type active curling production procedure so that her eyes become a point)

2. Material setting Photo-Before you start, place a clean white towel on the bottom of the material and sanitize it in TRAY with all the ingredients on it, take a photo and put it in the submission form.

3. Before you start, put a picture of the model closing her eyes from the front.

4. Before you start, put a picture of the model opening her eyes from the front.

5. After completion, insert a picture of the eyes taken on the left side of the model.

6. After completion, insert a picture of the eye taken from the right side of the model.

7 After completion, insert a closed-eye photo from the front of the model.

8. After completion, put a picture of the model with eyes open from the front.

Examination Regulations:

- The model should not have an eyelash perm and should be a model without artificial eyebrows.**
- Create a high-quality curl perm by matching both sides with curls that match the eyes and eyelashes.**

1 Hygiene

- Put all the ingredients for eyelash perms neatly on the tray & basket.**

2 Curl condition of eyelash perm

- Check the curl-up status on the right and left sides.**
- Check the front curl-up status.**

3 Shape Design

- Check the right-left shape of the curl-up.**
- Check the balance and harmony of both sides.**

4 Skills (= Expertise, Proficiency)

- Check the proper treatment method of the first and second preparations of eyelash perm.**
- Make sure that the overall eyelash perm process has progressed properly.**

<Note to Examination Points>

- Is the angle of the curl maintained properly.**
- Is the curl oriented in a uniform direction.**
- Check if the perm is smeared or affected the eyes.**
- How much difference there is before and after the procedure.**
- Check the softening of the eyelash roots and check if the eyelash texture is properly organized.**
